Subject: Re: LPC and DSL briefing for Assistant Sec- Fish and Parks
Date: Tuesday, September 11, 2018 4:18:08 PM

Talked to Amy. We have 45 minutes total for both LPC and DSL. LPC will go first (Clay is our lead presenter); DSL second (thinking AJ, but not sure). Gary and Amy will introduce, we'll then move into slides. Plan for 10 slides (give or take, but not to exceed 15 slides). My hope is we can we can present our slides and have time for questions. Andrea has been good to work with, will be amicable and ask thoughtful questions (she's likely read the materials). She has some background materials (for LPC we gave her the SSA, a PowerPoint and BP; for DSL we gave her powerpoint and the side by side comparison). Additionally, Amy and Gary have recently given her a 101 level overview on each. This presentation should dive a little deeper; as deep as you can dive in 10 slides or so. For LPC, I think we've given this presentation a few times. For DSL, most of the interest is on the TCP (a positive step at the time), what didn't work as planned and why fixes are needed (think elevator speech highlights approach), and what's proposed to fix it. Some context on the listing past and future would also be helpful. Two issues that may come up (?) and we should chat about in advance include the plan for current CI holders and where we stand on sand. For DSL, can we work to refine the existing presentation and do a run through Friday? I would probably benefit from a walkthrough on LPC too, but less urgent as Clay has done this one a bunch. Call me on my cell if we should chat.

Is this a general briefing or are we expected to focus it on an issue (i.e. Sand Mines, the CCAA?). Additionally the due date to the RO is important. Please let us know as soon as you get additional information from Amy. Thanks.

Stacey- Gary Frazier informed me that Andrea Travnicek, acting Asst Sec for fish and parks wants a briefing on LPC and DSL next week. He suggested that you work through Roslyn to schedule. He suggested 45 minutes. Please include Gary and Seth in scheduling. Seth- I'll visit with you when I am in office tomorrow afternoon on content.
Thx
